

## ACTE AS Environmental statement

ACTE AS is a leading distributor of electronic components, modules, and robust IT solutions for the electronics, industrial, marine, medical, and public sectors. We are committed to conducting our business sustainably and minimizing our environmental impact.

### Our Environmental Policy Includes:

1. **Compliance with Regulations:** We comply with all relevant environmental laws and regulations, including REACH (Registration, Evaluation, Authorisation, and Restriction of Chemicals) and RoHS (Restriction of Hazardous Substances). These regulations ensure that our products are safe for human health and the environment by controlling the use of hazardous substances
2. **Conflict Minerals:** We are dedicated to responsible sourcing and ensure that our supply chain is free from conflict minerals. We adhere to the guidelines set forth by the Dodd-Frank Act and the EU Conflict Minerals Regulation, which require us to report the use of tin, tungsten, tantalum, and gold (3TGs) sourced from conflict-affected areas
3. **Sustainable Resource Use:** We ensure that our products and services contribute to the sustainable use of natural resources. We work with suppliers who share our values and commitments to environmental protection.
4. **Continuous Improvement:** We set goals for continuous improvement of our environmental performance and regularly monitor our progress. We encourage our employees to actively participate in environmental initiatives and training.
5. **Transparency and Communication:** We communicate openly about our environmental performance and goals to our stakeholders. We encourage dialogue and collaboration to promote environmental awareness and sustainable practices.

ACTE AS is dedicated to being a responsible player in our industry and contributing to a sustainable future. We believe that small actions can make a big difference, and we are committed to doing our part to protect the environment.
